HR Management

Human Resource

- Every organization shall have human resources based on organization business needs.

- Human resources work affect quality of output of organization; typically called as product. All these human resources need to be COMPETENT based on appropriate education, training, skills and experience.

- Once, we have hired people, their continuous learning and development is essential for the success of the organization.

This Module helps you to identify skill gaps/ training needs, plan your trainings (Classroom/ Online/ On the Job), track participation of people and its effectiveness.
